

## Corporate Compliance and Patient Privacy Awareness-Recognition-Reinforcement

Please read, review and use the FY20 Annual Corporate Compliance and HIPAA Privacy education training to assist in completing the crossword puzzle. Please fax completed crossword puzzle to Corporate Compliance, 910-667-5342 to participate in a drawing.

### Across

3. This is where you find guiding principles, a clear understanding of what is expected in the work environment.
5. An anonymous way to report compliance issues or concerns.
7. Two identifiers used to prevent an inadvertent breach
8. Staff should never access this to view patient records for whom they are not part of the care team and have no job-related reason
9. Policy that defines the value of meals and/or beverages that are acceptable by vendors when certain other criteria are met.

### Down

1. A place where information or details regarding specific patients should not be posted
2. Who is your Compliance/Privacy Officer?
3. Where is the Code of Conduct located?
4. If you violate HIPAA, what will happen?
6. The number of identifiers to use for best practice to prevent inadvertent disclosures.
