## Redesigning Fall and Fall Injury Prevention Program

### Course Description:

This half-day educational offering will challenge and inspire participants to go beyond universal fall precautions and use contemporary frameworks to consider integrating innovations in fall and injury reduction practices. Participants will be introduced to populations with high vulnerability that must be protected using new approaches to care.

Conference participants will learn strategies to (1) implement individualized fall and injury risk patient care management; (2) design bundled approaches to population specific reduction of fall injury-engage the patient; (3) best practices to prevent falls related to toileting; and (4) transform post fall management.

### What We'll Be Discussing:

- **New Directions in Fall and Fall Injury Prevention:**
  - \* Discuss essential elements and guidelines for fall and injury prevention programs
  - \* Summarize synthesized literature for fall and injury reduction and surveillance in hospitals and long term care
  - \* Translate actionable elements of a Fall Prevention Program: Prevention, Protection, Surveillance
  - \* Segment high-vulnerable populations to protect from fall related injury
- **Best Practices to Reduce Falls Associated with Toileting**
  - \* Profile trends of falls associated with toileting over the years
  - \* Explain at least 3 root causes contributing to falls among all adult patients across settings of care.
  - \* Examine patient-level fall risk factors and environmental fall risk factors
  - \* Generate strategies to redesign a population-based approach for scheduled and assisted toileting while creating an environment for safe toileting.
- **Post fall Management: Learning from Post Fall Huddles**
  - \* Differentiate Post Fall Huddles from Post Fall Management and emphasize patient engagement, nursing engagement, clinical practices, and quality improvement .

**LIVESTREAM**

**April 28, 2021**

Join Zoom Meeting **8:45 AM**  
Activity **9 AM - 12:30 PM**

### Faculty:

Dr. Patricia Quigley, PhD, ARNP,  
CRRN, FAAN, FAANP, FARN, Nurse  
Consultant

### Target Audience:

RNs, LPNs, NPs, Nursing Home  
Providers, Allied Health workers, PTs,  
OTs, CMAs, CNAs

### Desired Outcome:

Participants who attend this activity will self-assess that they have gained new knowledge related to fall prevention programming as well as post fall prevention management strategies.

### CE Credit:

3.5 NCPD (Nursing) Credit  
3.5 Contact Hours  
3.5 NHA Credit (Pending)  
3.5 NCBPTE Contact Hours  
3.5 CCAs (Self-Reported Credit)

### Registration Fee: \$40

**Credit:**

**Nursing Contact Hours 3.5**

SEAHEC is approved as a provider of nursing continuing professional development by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

**NHA Contact Hours (Credit Pending) 3.5**

**NCBPTE Contact Hours 3.5**

SEAHEC, as part of the NC AHEC system, is an approved provider of NCBPTE with regard to activities directly related to physical therapy for continuing competence. Total Number of NCBPTE Contact Hours 3.5

**Contact Hours 3.5 Hours**

*No partial credit will be given. Participants must attend the entire program in order to receive credit.*

**Self-Reported Credits**

**Occupational Therapist/ Assistant** - As of July 1, 2018, the NCBOT no longer accepts applications for pre-approval of CCAs. OT practitioners need to make sure they are completing activities that comply with Section .0800 of the NCBOT Rules. 3.5 CCAs. Please select contact hours for your certificate.

**About the Faculty:**

**Dr. Patricia Quigley, PhD, ARNP, CRRN, FAAN, FAANP, FARN, Nurse Consultant**, is former Associate Director, VISN 8 Patient Safety Research Center of Inquiry and is both a Clinical Nurse Specialist and a Nurse Practitioner in Rehabilitation. Her contributions to patient safety, nursing and rehabilitation are evident at a national level – with emphasis on clinical practice innovations designed to promote elders’ independence and safety.

For over 45 years, Dr. Quigley has practiced in the field of rehabilitation nursing, 32.5 years with the Veterans Administration. She serves as patient safety expert for fall and injury reduction to healthcare systems across settings of care, health policy organizations, and patient safety organizations. Dr. Quigley serves as committee member of the NQF Prevention and Population Health, nominated by ARN, and past member of the NQF Patient Safety Complications Steering Committed, nominated by ANA.

Her leadership resulted in redesign measurement of patient safety indicators for falls and fall injuries that link organizational, unit, and patient-level variables that are relevant and evidence-based. Dr. Quigley has served as principal or co-investigator in 35 research studies, totaling over \$7.5 million.

She has authored, co-authored over 75 peer-reviewed manuscripts and over 50 non-peer reviewed manuscripts, book chapters, products and media works.

**Agenda:**

9:00 – 9:55 am	New Directions in Fall and Fall Injury Prevention
10:00 – 11:00 am	Best Practices to Reduce Falls Associated with Toileting
11 am - 12pm	Post fall Management: Learning from Post Fall Huddles
12:00 – 12:30 pm	Open Forum – Discussion, Question and Answers
