

PANEL DISCUSSION:

LGBTQ+ Family Building and Reproductive Choice

LGBTQ+ identifying individuals experience unique challenges related to family building, reproductive choice and navigation of the health care system.

Join us virtually for a panel discussion which is intended to shed light on the various barriers faced by the LGBTQ+ community around reproductive health and family planning, as well as offer strategies to ensure safe and relevant reproductive care.

Panelists Include:

Danielle Little

Dr. Karenne Fru

Dr. Jacqui McMillian-Bohler, Ph.D

Kayden Coleman
