and Ortho)**

## Cyto-Reductive Surgery with HIPEC

**Course Description:**

This educational event will focus on Cyto-Reductive Surgery as a treatment for Cancer. In Cyto-Reductive surgery and Hyperthermic Intraperitoneal Chemotherapy (HIPEC), visible cancerous tumors are first removed from the abdominal cavity surgically and the cavity is then bathed with hot chemotherapy.

**Target Audience: Healthcare professionals and hospital employees**

**Desired Outcome: Participants will be able to describe the how the HIPEC surgical technique is used for cancer treatment.**

**Credit Hour(s): 1**

**Presenter: Janet Lewia, MSN, RN, CNOR**

**How to register: No need to register, just come-all are welcome!**
