The Nu Omega Chapter of Sigma Theta Tau International invites you to submit an abstract for Research Day 2018. Original Research, Evidence-Based Project, and Quality Improvement Project abstracts will be considered. The goal of the conference is to bring experienced and novice researchers, nurses, and nursing students together to share scholarship and research interests across the region. Abstracts may be submitted for either podium (paper) or poster presentations. Registration and attendance at Research Day 2018 is required for all presenters. You will share your investigative work with other students, faculty, and nurses across the region. Monetary awards will be presented.
